CHAPTER 6

LIAR

Ep 43

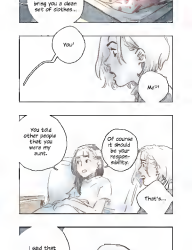
You're awake, aren't you?

Can you tell me how...

What really happened..?

Your injuries...
Aren't from an accident, right..?

Is this very important?



What difference does it make to you?
Whether I fell, or anything else...

That's...
Shouldn't you at least give me a way to contact your parents?

Or at least someone that can bring you a clean set of clothes...

You!
Me?!

You told other people that you were my aunt.
Of course it should be your responsibility!
That's...

I said that in the heat of the moment!
Right now, I'm asking you very seriously...

Don't ask anymore.

I don't want to talk about it.

You!

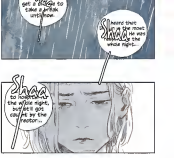
Ah right.
It's your choice.

swish

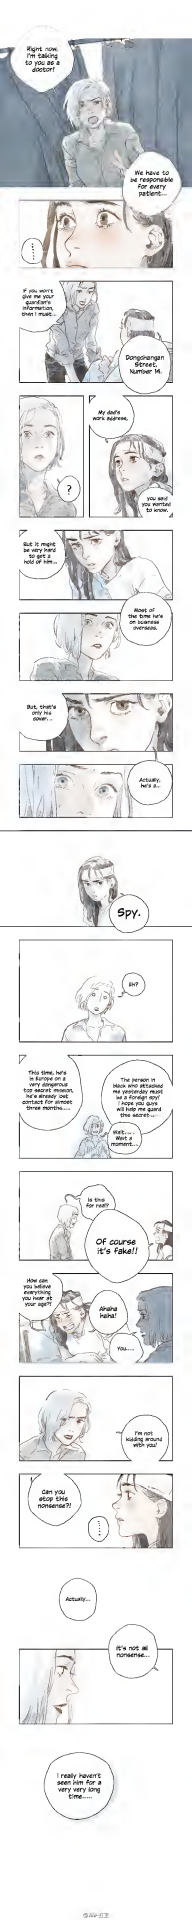
...

That's right...

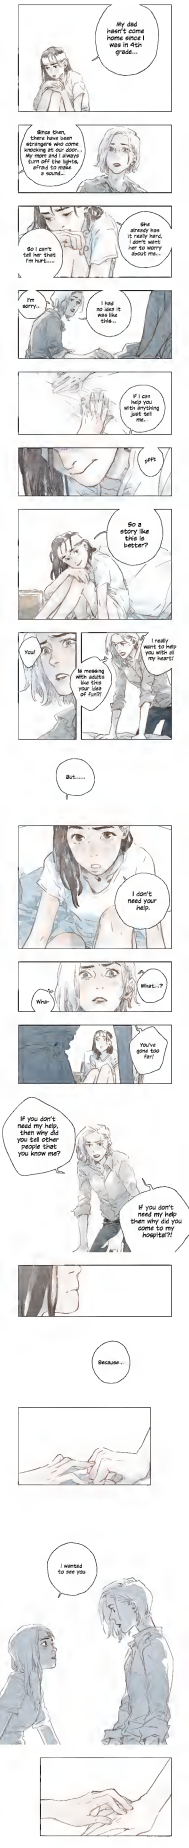
I'm thinking too much about things that don't concern me...



Today was especially busy, I didn't get a chance to take a break until now
Heard that's one of the most SHARP rain we've had in the whole night...

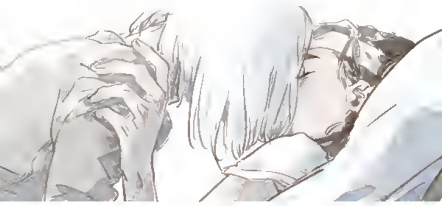


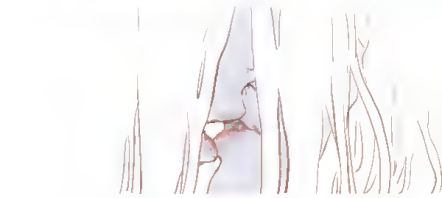
Right now, I'm talking to you as a doctor!
We have to be responsible for every patient...
.....
If you won't give me your guardian's information, then I must...
Dongcheongan Street, Number 14.
My dad's work address.
?
you send you wanted to know.
But it might be very hard to get a hold of him...
Most of the time he's on business overseas.
But, that's only his cover...
Actually, he's a...
Spy.
Eh?
This time, he's a spy on a very dangerous top secret mission, he's already lost contact for almost three months....
The person in Matsuhara's mind no wonder!! He must be a foreign spy!
I hope you guys will help me guard this secret....
Wait.... Wait a moment...
Is this for real?
OF course it's fake!!
How can you believe everything you hear at your age!?
Ahaha haha!
You....
I'm not kidding around with you!
Can you stop this nonsense!?
.....
Actually...
It's not all nonsense...
I really haven't seen him for a very very long time.....

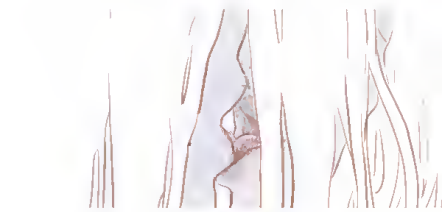


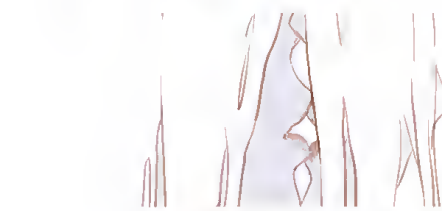
My dad hasn't come home since I was in 4th grade...
Since then, there have been strangers who came knocking at our door... My mom always turn off the lights, afraid to say a sound...
She already has it really hard, I don't want her to worry about me...
So I can't tell her that I'm hurt...
I'm sorry...
I had thought it was like this...
If I can help you with anything just tell me.
pfft
So a story like this is better?
You!
I really want to help you with all my heart!
Messing with adults like this, your use of fuck!
But.....
I don't need your help.
What...?
Why?
You've gone too far!
If you don't need my help, then why did you tell other people that you know me?
If you don't need my help then why did you come to my hospital?!
Because...
I wanted to see you

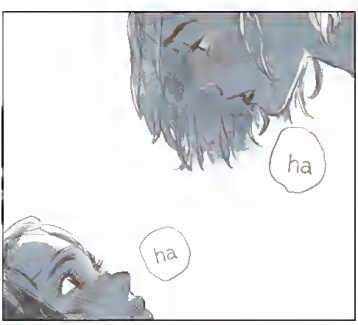
What... did you say...?
I said,
I wanted to see you.
This time.
I'm not lying to you.

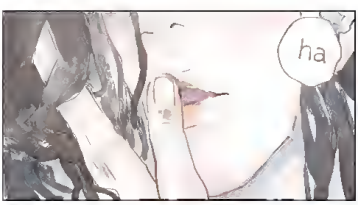








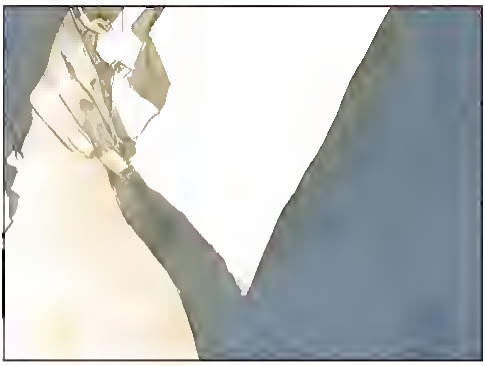




Whether it's the truth...

@Jae 五宝

Or a lie.....



@Jdz-五王

Is not important right now...

@Jus-五主
